An Email about A Day Trip

Dear Daisy,

I hope this email finds you well. I'm excited to share my recent day trip of visiting Tai Po Lung Mei Beach. It is near Tai Mei Tuk Public Transport Interchange. It is one of the most popular recreational zones in the New Territories. I visited there with my family by bus. It took about thirty minutes to get there.

Tai Po Lung Mei Beach is a very big beach. It is Hong Kong's newest beach. It is a man-made beach. On that day, there were many starfish. I swam in the sea happily. I made a sandcastle with my sisters. We collected beautiful seashells and put them on top of the sandcastle. We ate ice-cream and drank cola there. We admired the beautiful sunset at the beach. We had a wonderful time. It was a hot and sunny day so there were many people at the beach. Some were tanning in the sun and some were swimming in the sea.

I was on could nine during the trip. I like the beach very much. I hope I have the opportunity to visit the beach with you next time. See you soon.

Best wishes,

Carol
